

HEALTH INNOVATION Showcase

ENTRY FORM

Innovation comes in many forms, and some of the most innovative ideas are born from necessity. In healthcare, we know there are many excellent examples of innovative ideas and practices.

The First Nations Health Managers Association and MNP want to raise these innovations onto a national platform so that innovators can be celebrated, and their ideas shared with other health professionals to benefit indigenous health from coast-to-coast.

All First Nation entries that demonstrate innovation in health care will be showcased at the FNHMA National Conference November 5-7, 2018 in Banff, AB. (<https://fnhma2018.ca/>)

Examples of Innovation

Improved Access to
Care

Created New
Clinical Knowledge

Established a New
Partnership/
Agreement

Strengthened
Health Governance

Formally Integrated
Traditional
Knowledge into
Health Services

Encouraged
Healthy Choices &
